

# Give the Gift of Preparedness

## *What if ...*

Presented by Gwen Morgan, author of the *What if... Workbook* and featured author at the 2011 AARP National Event & Expo

Please join us and learn how to give your loved ones the most precious gifts of all: preparedness and peace of mind.

WHAT IF something unexpected were to happen to you? Does anyone know about your *stuff*? Join Gwen Morgan as she shares the story behind the creation of the *What if... Workbook*. Learn about the importance of organizing personal information for loved ones, review which legal documents are imperative to have in place, how to best communicate your wishes, and think about legacy; an invitation to reflect on living your life to the fullest *now*. By putting your affairs in order, you are providing your loved ones with the necessary information they need should anything happen to you.
