Boston, MA 02133

Re: House Bill 675/ An Act relative to the siting of facilities dealing with refuse.

Dear State Representative Galvin,

Thank you for filing House Bill 675 to stop the DEP from siting any recycle/reclamation/disposal or trash transfer facility within a ten mile radius of an existing licensed/sited/operating facility,

I support House Bill 675 because it will protect the quality of my life as a resident of the Town of Avon. A transfer facility at the proposed location in Holbrook would produce harmful emissions, pose a risk to our water supply, and create excessive noise by trucks travelling along a route that already exceeds 800 trucks per day.

Please do whatever it takes to pass House Bill No. 675 into law.

Thank you,

A Concerned Resident
