

Avon Memory Café

Support for people with memory loss and their care partners

What is a Memory Café?

A Memory Café is a supportive, safe place for anyone affected by brain changes to socialize, enjoy each other's company and have a good time. The goal is to make every guest feel as comfortable as possible. A Memory Café is not a support group or drop-off respite option. It is a monthly gathering where people with memory loss and their care partners can enjoy time together and remain socially connected with others.
