

# OUR MISSION

*The Avon Council on Aging is charged with recognizing and understanding the interests, needs and concerns of Avon's older adults. It is the COA's commitment to develop, design, and implement programs, as well as educate the community about aging in place. The COA provides information, referrals for services, and support to ensure dignity and independence of residents aged 60 and older and their care partners living in the community. The COA endeavors to maximize the quality of life and help older adults live safely and in good health with socialization at its core.*
